

Future Ready Program

Bridging the Gap to Tech Careers

Powered by

Overview:

The Future Ready Program by Creating Coding Careers is designed to provide participants with a strong foundation in IT skills, making them ready to enter the tech industry. This 16-week program covers essential IT domains and prepares participants for a wide range of career opportunities in technology.

Key Topics Covered:

- Digital Literacy and IT Fundamentals
- IT Infrastructure and Networking Basics
- Cybersecurity and Cloud Computing
- Project Management and Agile Methodologies
- IT Operations and ITIL Processes

Program Benefits:

- Gain a comprehensive foundation in key IT domains.
- Explore various career pathways within the tech industry.
- Receive guidance and support from experienced IT professionals.
- Perfect for individuals looking to enter the tech industry or enhance their existing skills.

Program Details:

- **Duration:** 16 weeks
- **Schedule:** Two weekday evenings and Saturdays
- **Minimum Participants:** 20 participants required, with an option to add additional participants.

Why Choose This Program?

Ideal for communities and organizations seeking to develop a skilled IT workforce, the Future Ready program provides participants with essential technical skills, exposure to career pathways in IT, and a clear roadmap for further professional development. This program not only supports individual career growth but also contributes to local economic development by building a robust pipeline of tech talent.
